

Fabric Covered Wall Panels

Frame: Medium Density Fibreboard.

Acoustic Absorption: Open cell polyurethane. 25mm

Backing Board: 6mm

Fabric Cover: As per Rim Fabrics specifications on Soundblock Solutions' Website

Mounting:

- Eyelet Hooks: Steel with bottom bumpers
- If panels need to butt together install using split battens
- Suspended from ceiling, max size 1200x1200

Panels are 30mm nominal in thickness.

Our fabric covered panels have an NRC of .9 so are excellent attenuators.
